

## Consultants for the Long Tom Watershed Council and Lead staff interfaces

Our intent with this list is to have Board members comfortable feeling that they have access to the professional resources needed to perform in their job as Board member.

Staff are happy to receive board questions at any time, and will consult the appropriate professional if they don't know the answer, or you may suggest that route if you are not satisfied with the answer given.

To avoid unnecessary cost to the Council, please contact these professionals directly only if you feel there is an ethical or legal breach in the Council's operations, and/or you feel that the lead staff person is in some way compromised. In that case, if possible, please consult with the E.D. (Dana Dedrick) or the Board Chair (Jim Pendergrass) first. There may be more information available to you on the topic, and an appropriate process to follow.

Professional	Contact Information	Lead staff
