

# CONSERVATION AND STEWARDSHIP FARM TOUR

Presented by the Upper Willamette Soil & Water Conservation District  
in partnership with The Long Tom Watershed Council and Upper Willamette Working Lands Program

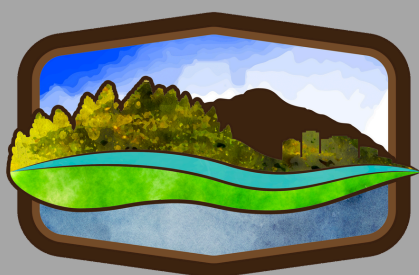

Come for an evening tour on a fifth generation family farm where Strodas raise grass seed, hazelnuts, and Christmas trees in the Long Tom watershed. We'll discuss common conservation challenges in the area and projects that the Strodas have done over the years to protect soil & water resources for the community.

**26**  
**September**

**5:30 pm-7:30 pm**  
**Stroda Brothers' Farm**  
**96535 Territorial Hwy, Junction**  
**City OR 97448**
